

Diversity, Equity, Inclusion & Belonging

Diversity in the workplace has proven to make your team better problem solvers because more perspectives are considered in the decision making process. This program will explore diversity in the workplace, the conscious and unconscious biases we have, then learn how to appreciate the differences and cultivate inclusive leadership.

Key Benefits of this Course

- Define the terms of diversity, equity inclusion and belonging
- Explore the conscious and unconscious biases and behaviors
- Discuss the dimensions of diversity organizational and worldwide
- Learn about the Inclusion Scale and VUCA
- Explore best practices in diversity management
- Learn how to coach for inclusion and enhance productive communication
- Enhance your hiring potential

This will be a interactive and hands-on course. Questions, examples and group discussions will be an integral part of learning during this session. Worksheets and other resources will be provided to all participants.

3-4 hour session
In Person or Online
